

Foster & Company has been monitoring and adapting to the coronavirus (COVID-19). We are taking appropriate steps to ensure that the health and safety of our staff and clients are a priority. We want to assure you that we are committed to maintaining current service levels to our clients during this global pandemic.

Our office remains open and we are fully functioning. Our management team continues to monitor developments with COVID-19 and is prepared to adjust how we respond to it accordingly. Should the need arise, and we need to implement business protocols requiring staff to work remotely, we wish to assure you that the needs of our clients will continue to be met. We will work diligently on your behalf and we have the technology in place to continue providing services to our clients electronically.

We hope everyone is remaining vigilant throughout this evolving global pandemic and taking necessary precautions as they arise. We will continue to update you through our website and on social media.
